

Shop Local

By spending your money here on the Border, you're staying in *The Local Loop*, saving jobs and helping the region grow!

Shop Local

By spending your money here on the Border, you're staying in
The Local Loop, saving jobs and helping the region grow!

The *Shop Local* campaign keeps evolving, and this year we have a new look and a new sound.

We will coach you, or one of your staff, to tell our listeners about your business. Have a listen to the demo to see how it all sounds.

Remember, this is not an advertising campaign for just your business or service, but a highly subsidised *Shop Local* campaign for our whole area.

ACE Radio heavily support the *Shop Local* message with this exceptional campaign that will see thousands of messages play over 12 months.

Put your business in *The Local Loop* for just \$250^{+GST}. This is a **one off** charge, **not** a monthly contribution for your involvement over 12 months.

Your message will play a minimum of 50 times, but the nature of the campaign is that each message played supports the other businesses with the same *Shop Local* message.
